

Rarely in our lives do we have the opportunity to be part of legend. With this card, you are the recipient of an authentic piece of the *legacy* of the Civic Arena. The artistry and the authenticity of Arena Ornament Collection requires a detailed and intricate process. Each ornament is hand hammered, custom edged, and hand finished, resulting in a one of a kind *work of art* that is prepared just for you. The memories of the Arena and the hands of the artists and craftsman of Wendell August come together in something very special for you and your families to remember and celebrate the greatness that is – as we will always remember -- *The Civic Arena.*

Our youth are the future of our communities, our region, and our country. The Pittsburgh Penguins Foundation is proud to recycle part of the lore of the glory days of the Civic Arena in commemorative pieces that will benefit young people throughout our region. With this gift, you have received a part of the authentic arena roof, and the memories *will live on.* But more importantly, you are partnering in our future, as proceeds from this purchase benefit the Penguins Foundation charities and our area youth. The past and the future coming together in this present - this very special commemorative gift -- *especially for you!*

WENDELL **WA** AUGUST
